Summary

As a recent Computer Applications graduate from SRM University, I have honed my skills in C, Java, Python, DBMS and Excel, and I'm excited to bring my strong problem-solving abilities to a dynamic development team.

With a solid academic background and a successful project portfolio, I've proven my ability to create student databases in Python, and perform data analysis using Excel and design my branded web pages

---

Experience

Web Developer

CodSoft • Kolkata, West Bengal
